

Leica Z2X Tripod Socket Replacement

A guide on how to install a new tripod plate on a Leica Z2X.

Written By: Zachary

INTRODUCTION

Use this guide to replace the tripod socket.

TOOLS:

- [Phillips #0 Screwdriver](#) (1)
-

Step 1 — Tripod Socket

- Carefully unscrew the four (4) screws on the bottom of the camera.
- ⓘ Make sure you don't miss the one that's actually in the tripod socket hole.

Step 2

- Open the back door on the camera by pushing down on the door latch.

Step 3

- Apply pressure to the bottom plate and it will pop off.
- From here, you can replace the bottom plate, or continue on to further steps.

To reassemble your device, follow these instructions in reverse order.
